WEEKLY HINT: Just to clarify a few points on our **production/delivery time.**

We are currently running 3-4 weeks. However, there are a few things that can add some additional time onto that shipping time. Thomas Mason fabrics can add a week onto production time, as we do not stock them in house, but order them for you. CMT's, complete orders are started when ALL cmt fabrics have arrived, we ship 3-4 weeks from that point, not when the order is received. Detailed Ladies orders and copy shirts will take approx. 6 weeks to ship. Saddle Stich could also add a little additional time. Please keep these things in mind when sending orders. Thank you!
